ATTENTION YU STUDENT

The Beth Israel Student Health Services Network provides medical services to students on the Wilf and Beren campuses of Yeshiva University. To document your health status—and to ensure that you are compliant with New York State public health law—you must provide a complete immunization record, medical history, and evidence of a recent physical examination. **These documents must be submitted to YU before you can receive your housing assignment and register for classes.** The Health Services Network will communicate to Yeshiva University administrative personnel our assessment of your ability to mentally and physically perform as a student, without restriction and without any immediate or direct threat of harm to yourself or to others. Medical information will be released to others only when and if prescribed by law or with your or your guardian's consent.

Take care to complete every section and answer all questions. Make certain to print your name, date of birth, and YU ID# at the top of each page. If you will be under age 18 when you begin classes at the University, have your parent or guardian read, sign, and date the Parental Permission section on this page. Pages 2–5 should be completed with your physician and should include an update of your immunization records. Your doctor must validate the following forms with his/her signature and an office stamp.

Once you have completed these forms, fax all five pages to the appropriate campus health center, listed at the bottom of this form.

STUDENT INFORMATION

Home Address | Place of Birth

Home Phone

City/State/Zip | Social Security #

Gender ☐ male ☐ female U.S. Citizen? ☐ yes ☐ no

My Insurance Company | Date this form was submitted

PARENTAL PERMISSION

The law requires that parental consent be obtained to provide medical treatment, prescribe or dispense medications, or perform procedures on minors (persons under age 18). A parent or legal guardian should sign this consent form so that such treatment may be administered promptly and unnecessary delay avoided. Note: Except in a dire emergency, no operative procedure will be performed without parental notification and additional consent.

I give permission for such diagnostic, therapeutic, or emergency operative procedure as may be necessary to evaluate and treat my son/daughter or person named above for whom I am legal guardian.

Parent/Guardian *(print)*

In order to maintain the health of all students: New York State public health law requires that students attending postsecondary institutions in the state submit proof of immunization against certain vaccine preventable diseases. YU students may demonstrate immunity by presenting proof of having received two vaccinations for Rubeola (Measles), two vaccinations for Mumps, and at least one vaccination for Rubella (German Measles) or if given in combination, two M-M-R (Measles, Mumps and Rubella) vaccines. Immunity may also be affirmed by providing the results of a laboratory test (immune titer) for each disease.

Student's Name YU ID# Date of Birth

MANDATORY IMMUNIZATIONS

Two Measles Mumps and Rubella (MMR) vaccinations

Date 1: Immunization on or after first birthday and after January 1, 1957	Date
Date 2: Immunization 15 months after birth and at least 28 days after 1st vaccination	Date
If born befo e 1957, indicate birth date	Date of Birth

OR

Two Measles (Rubeola) vaccinations

Date 1: Immunization on or after first birthday and after January 1, 1957	Date
Date 2: Immunization 15 months after birth and at least 28 days after 1st vaccination	Date
Date of positive immune titer	Date

Rubella (German Measles) vaccination

Date 1: Immunization on or after first birthday and after January 1, 1957	Date
Date 2: Immunization 15 months after birth and at least 28 days after 1st vaccination	Date
Date of positive immune titer	Date

Two Mumps vaccinations

Date 1: Immunization on or after first birthday and after January 1, 1957	Date
Date 2: Immunization 15 months after birth and at least 28 days after 1st vaccination	Date
Date of positive immune titer	Date

Physician Initials *(office stamp required)*

Note: While meningitis vaccination is recommended by the NYS Departmenet of Health but is not mandatory, a completed Meningitis Vaccination Response form (see below) must be submitted by every student.

MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

New York State Public Health Law requires that all college and university students enrolled for at least six semester hours or the equivalent per semester, or at least four semester hours per quarter, must complete and return this form.

COMPLETE THE INFORMATION SECTION BELOW; CHECK ONE RESPONSE BOX, SIGN AND DATE

I have:

☐ had the Meningococcal Meningitis immunization (Menomune™ or Menactra™) within the past 10 years.

Date received

☐ read the information regarding Meningococcal Meningitis, available on the Web at
http://www.cdc.gov/ncidod/dbmd/diseaseinfo/meningococcal_g.htm, o
